Foreword

Many wonderful memories have been sown during our four year journey through high school. With this book we have tried to recapture some of these marvelous "Moments to Remember." We hope that, as time passes, each journey through the 1962 Crimson Ledger will enable you to reap again this harvest of joy.

The time pieces we have used symbolize the past, present, and future; our memories, experiences, and aspirations. The amusing characters typify our own individual personalities and

represent us as we see ourselves.

Past events recorded in this book are stepping stones to the future. May these stepping stones lead to the achievement of individual goals.

Dedication

To Our Parents

The Class of 1962 looks back over thirteen years of education with love and sentiment. Through these years we have never wanted for guidance and encouragement from those most dear to us, our parents. It is they who have channeled our lives through turbulent seas and helped us to reach the open waters of the future.

Our lives have been like a fleet of boats making its way across a tumultuous sea; our parents, teachers, and counselors at the helms showing us the best channels through dangerous waters, and we at the oars, trying to follow their directions and suggestions. Now we will be rowing our own boats, alone and unaided. Through the wisdom and knowledge gained from our elders we hope to be able to navigate straight courses through the waters of time.

Our ships are readied as we take up our oars and make our way into the future carrying with us memories of our schoolmates.

With love and gratitude in our hearts we dedicate this year's Crimson Ledger to our parents and all the others who have guided us through our youth.

Class History

In September, 1958, we came to Hamburg as a heterogeneous group of young-sters, eager to be in high school, and yet afraid of the events that might occur during the day. After getting through the first week of classes and would-be initiation, we became familiar with the school and its operation. Our officers for this first year were: Nancy Howell as our President, Pete Kolan as our Vice President, Ginny Edsall as our Secretary, and Judy Houghtaling as our Treasurer. We were able to have one dance entitled, "The Festival of Dances." This dance boosted the morale of the class, but, of course, our treasury was still a little weak.

Our sophomore year brought one new joy. We were then upperclassmen, even though it was only to the new freshmen. At our first class meeting we chose Charlie Vance as our President, Pete Kolan as our Vice President, Janice Malysse as our Secretary, and Jim Bennett as our Treasurer. In selecting our class rings that year we seemed to follow the preceding graduating class by choosing round rings. This year we tried our luck with a few more projects for making money. We approached the task with enthusiasm and gave a dance entitled "Fool's Hop." Our next project was a food sale. Our treasury was beginning to rise as we made progress for you see, "Progress is Our Goal."

In our junior year we really started working hard to make our treasury look a little better. This year in selecting our class officers we seemed to favor the girls because we chose Shirley Powers to be our President, Mary Sammis our Vice President, Judi South our Secretary, and Connie Hotalen our Treasurer. We began our activities with a dance entitled "Heart's Hop," a second dance entitled 'Hawaiian Rhapsody," a record hop, two food sales, and a Senior-Junior basketball game along with a boy-girl basketball game. Our class play, "No Boys Allowed," was our first attempt at performing comedy. This attempt was fun not only in giving the play, but also in the areas of finance. The Junior Prom, a happy day at the Poconos, was the next big event. This day was filled with joys of tennis playing, swimming, boating, hiking, horseback riding, dining, and last but not least, dancing.

At last our goal was reached; we were finally seniors. Our class had decreased a little, but we were still progressing toward graduation. To lead us through our last year of high school we chose as our officers: President, Jim Bennett; Vice President, Ginny Edsall; Secretary, Shirley Fetherman; and Treasurer, Connie Hotalen. Since this was our last chance to get enough money for our Washington Trip we had to work diligently. Our first project for the year was the annual magazine campaign. Next we had a "Freshmen Initiation Dance," a "Thanksgiving Day Dance," and a "Christmas Dance." Of course we had a few food sales, some record hops, and we tried our luck with the seniorjunior, and boy-girl basketball games. This year we made a second attempt at comedy with our Senior play, "A Little Honey." The play proved to be a success and we again had more money in our treasury.

Soon it was time for the Washington Trip, and everyone enjoyed himself so much that nobody wanted to come home except, perhaps, the chaperones.

At last graduation came and each one went his separate way singing our dear old Alma Mater: But no matter where we go or what we do, we will always have these "Moments to Remember.

Altho' Newton gladly favors
The maroon and the white
And the Franklin Pupils labor
For the white and blue so bright;
Tho' the dusty black and orange
To the Sussex High seems right,
We will work for Hamburg High School
And the crimson and the white.

In our glad four years' relation
With our pals we love so well,
Our meager education
We bravely try to swell;
We win athletic victories
By practice and by might
As we work for dear old Hamburg
And the crimson and the white.

When our high school days are over, And our tasks call us away, And each becomes a rover In this old world's hard way; We will all recall some measure Of our high school days so bright And raise a cheer with pleasure For the crimson and the white.
